

Live your digital life on a Mac. iLife '06. Music, photos, movies, blogs.

iLife '06 brings you new versions of iPhoto, iMovie HD, iDVD, and GarageBand—and introduces iWeb. All iLife applications work together intuitively, so it's easy to deliver first-rate projects. Present your ideas as a movie or slideshow. Create a blog with iWeb,¹ or a podcast in GarageBand. And much more. Best of all, it's preloaded on every Mac.

Check out the latest Apple products and use your education discount at your Apple Authorized Campus Store. For more information visit www.apple.com/education/shop.

¹iWeb requires Internet and web server access (.Mac recommended). The .Mac service is available to persons age 13 and older. Annual membership fee and Internet access required. Terms and conditions apply. TM and © 2006 Apple Computer, Inc. All rights reserved. L318772A
