RELY ON THE MARKETPLACE EXPERTS.

Whether you want to purchase a jet, or have a jet you wish to sell, the acquisition and sales specialists at TWC Aviation can serve as your marketplace experts. If you are looking for a new or previously owned jet, TWC can help you find the ideal aircraft for your specific requirements. Should you wish to sell a jet, we can help you find the right buyer.

TWC Aviation is far more than a jet acquisition and sales company. We also provide superior aircraft management, worldwide jet charter, maintenance, and consulting services. You will benefit from our in-depth expertise in every aspect of the private aviation industry.

And, since we are aircraft owners and operators ourselves, we have actual operational reports for the jets we manage. You can rely on complete and accurate data—and knowledgeable, unbiased advice.

With TWC, the entire purchasing or selling process is streamlined and seamless. We handle everything for you.

Acquiring a jet.

- TWC will help you identify the aircraft that best suits your mission profile.
- TWC will conduct a detailed analysis of your transportation needs, technical requirements, desired amenities, and budget issues.
- We will leverage our extensive network of industry contacts and other resources to find exactly the aircraft you are looking for at the best possible price.
- We can help you get the best value for your investment, thanks to our strong relationships with manufacturers and finance companies.
- We will supervise a comprehensive evaluation of the aircraft you are considering, including thorough technical inspections.
- We will handle country registration, title and warranty transfers, and delivery of your jet to you anywhere in the world.
- We can also manage your jet for you. Our comprehensive aircraft management services offer you worry-free jet ownership. You will realize savings on fuel, insurance, pilot training, and international handling fees. And, if you add your jet to our FAA Air Carrier Certificate, you can offset your ownership costs with charter revenue.

Selling your jet.

- TWC's maintenance experts will supervise a complete pre-purchase inspection of your aircraft.
- TWC will conduct comprehensive market research and analysis to identify current trends, recent sales data, and the optimum asking price.
- We will develop a custom marketing program, targeted toward prospects whose mission profile, budget, and other requirements match your jet.
- We will promote your jet on our Web site—www.twcaviation.com.
- We will also market your aircraft to our extensive customer and industry database, via our "TWC Connections" e-newsletter.
- We will meet prospective buyers and conduct all negotiations—from first contact through closing and payment.
- We will handle country registration, as well as title and warranty transfers.
- We can arrange delivery to your buyer anywhere.
